

CURRICULUM VITAE

*Janvi R. Shah, MBA, MSF, CVA
Senior Financial Analyst*

EXPERIENCE

- Develop fair market value and commercial reasonableness opinions related to healthcare enterprises, assets, and services
- Analyze financial statements of closely held companies to evaluate future utility and feasibility
- Account for economic trends impacting the healthcare industry through the “four pillars” framework (i.e., regulatory, reimbursement, competition, and technology)
- Prepare, review and analyze forecasted and pro forma financial statements to determine the most probable future net economic benefit related to healthcare enterprises, assets, and services
- Apply utilization demand and reimbursement trends to project professional medical revenue streams and ancillary services and technical component (ASTC) revenue streams
- Apply revenue cycle management tools to reduce physician losses due to artificially high accounts receivable, improve collections, reduce denials and rejections
- Project manager over physician practice integration and physician compensation
